

## Urgent Needs in Haiti

A 7.0-magnitude earthquake hit Port au Prince, the capital city of Haiti, on January 12, destroying buildings and homes.

This quake was especially devastating in Haiti, where people are acutely vulnerable because of poor infrastructure and extreme poverty.

***What is needed most at this time is money.*** First Baptist Church is suggesting three organizations for you to give to. However, feel free to give to whatever organization you research as long as you give.
